VLIEG-ER-VIT

The new WTC season is upon us! While the location and date for this years WTC event are still unknown, team Netherlands has started the new season last September. Already a record number of 45 prospects have signed up to join the Academy or try for the team, so thank you for the commitment! Sign ups are still open until November 1st, so if you are still on the fence or have some questions, don't hesitate to reach out!

In terms of activities, we have started off with an internal scrim to get a feel for the latest balance update and to give newcomers a good first teams experience. I personally made a presentation discussing pairings and estimations which is available to all prospects to help get a baseline understanding of team event preparation.

Our first training day of the year is on the horizon late November with plenty of people indicating they will be attending. Furthermore the team has committed to attend the Pyra Cup in Poland late February to train with other WTC nations. Lastly, the Eurotrash Cup is back and bigger than ever! The event will aim to host 20 WTC contenders and both Team Netherlands and the Academy will be represented at the event. This means that we will be offering as many people as possible a first hand experience of playing against WTC level players and prospects.

For the Academy things are ramping up as well. Intake calls will be planned very soon and the first workshop of the year will be taking place during the November training day.

Lastly, we have confirmed the 4 players that will be returning starters for the upcoming season. Firstly, after going undefeated at WTC last year, we are very pleased to have Florian den Uijl with us again next year. Secondly our top scorer and Tyranids expert Ron Eliyadoo is back for his fourth successive year. Thirdly, we are very happy to have the most recent Phoenix GT winner Chris Clayton back again. And last but not least, after a stellar debut year in which he was our second highest scorer, Martijn van der Most will be back for more.

In short, we are very happy to have gotten the ball rolling. There will be a lot of scrimms happening the coming few months and other teams related activities to be determined! I hope to see many of you at Battle of the Clubs next week!

Daan van Herk
